EDUCATION

University Of Utah
Salt Lake City, UT • 2018

PROFESSIONAL SUMMARY

Driven web developer who welcomes challenging projects and enjoys working with all sorts of personalities. Experienced in scripting and cybersecurity as well as design patterns. I offer enthusiasm and understanding of various programming languages. I am looking to join an organization where the opportunity for growth and personal development is embraced.

RECENT PROJECTS

Hangman - *JavaScript/ Bootstrap*

- Basic Hangman game with clean design. Based on your favorite movies and TV shows. Hints are available.
- Current category is displayed. App features hangman animation inside the TV screen.
- <https://aprilmariewilson.github.io/Hangman/>

Memory Game - *React.js/ Node.js*

- Click on all pictures only once to win the game. Once a picture is chosen, the pictures are then rearranged
- <https://aw-match.herokuapp.com/>

Cat Fight- *JavaScript/ MySQL/ Node.js/ Express/ Handlebars*

- Use sprite animation character to battle the computer in this 80's style arcade game
- Group project. I contributed animation and advanced animation that did not make it into final project.
- Advanced animation included Mixamo, Blender and Texture Packer
- <https://the404club-projectundefined.herokuapp.com/#Cat-Fight/>

SIM- *React.js/ MongoDB/ Node.js/ Express/ Passport.js*

- Inventory management system designed to maximize efficiency and minimize processes needed
- Group project. Team Leader, Database and server side integration as well as authentication and incorporating React-Modal, Passport.js and cookie-session.
